Our Organisation

Meallmore Limited is a provider of residential care and support services and operates a number of care homes across Scotland. We also acquire land and develop properties that provide facilities required for residential care and support.

Training

While we do not have a formal training programme in place specifically focussed on the Modern Slavery Act 2015, to ensure a high level of understanding of the risks of modern slavery and human trafficking in our supply chains and our business, we ensure that all managers with procurement responsibilities are made aware of our Anti-Slavery and Human Trafficking Policy.

Our Supply Chain

We have zero tolerance to slavery and human trafficking. Our Senior Management team takes all reasonable steps to ensure that all those in our supply chain and contractors comply with these values.

Our supply chains include goods and services required to provide residential care and support services required for property development services required for property maintenance procurement of temporary/permanent agency staff, essential utilities and waste management.

The supply chains are largely based in the United Kingdom with some based in the Republic of Ireland.

Approval

This statement has been formally approved by the Executive Team of Meallmore Limited and signed on their behalf.
