

Auchtercrag House, Ellon

Welcome to our purpose-built care home in Ellon.

At Auchtercrag House we provide high quality, personalised nursing care for elderly people, including those with dementia and its related conditions.

The home offers 63 fully furnished en-suite bedrooms finished to exceptionally high standards. In addition, our newly refurbished nursing care unit, Auchmacoy Lodge, provides another eight high quality en-suite bedrooms.

We also have some of the latest technology to ensure the safety, well-being and mobility of our residents, while allowing them to retain as much of their independence as possible.

As Care Home Manager, I am committed to developing a relaxed and happy home where people enjoy living and working. We offer residents a variety of activities that can be tailored to their needs to ensure they can socialise and continue to enjoy hobbies.

There are eight spacious lounge/dining areas so residents can choose where to enjoy the nutritious meals prepared by our highly skilled catering team.

Our landscaped gardens are safe, secure and easily accessible, providing an attractive area to sit and relax or enjoy a spot of gardening.

Provision of first class care means we encourage residents, and their families, to participate in the home's commitment to quality and become fully involved at all stages of care planning, as well as many other aspects of care home life.

We have access to paramedical staff, including physiotherapists and podiatrists, and there is full medical support from local General Practitioners, the local hospital and the Community Mental Health Team.

The home is conveniently located in Ellon, close to transport links including a local bus service.
