

Belleaire House, Greenock

Welcome to Meallmore's state-of-the-art nursing home in Greenock.

At Belleaire House we provide high quality, personalised nursing care for elderly people, including those with dementia and its related conditions.

The stunning Victorian mansion offers 52 fully furnished en-suite bedrooms, including large deluxe rooms, finished to exceptionally high standards.

We also have some of the latest technology to ensure the safety, well-being and mobility of our residents, while allowing them to retain as much of their independence as possible.

As Care Home Manager, I am committed to developing a relaxed and happy home where people enjoy living and working. We offer residents a variety of activities that can be tailored to their needs to ensure they can socialise and continue to enjoy hobbies.

There are five spacious lounge/dining areas so residents can choose where to enjoy the nutritious meals prepared by our highly skilled catering team.

Provision of first class care means we encourage residents, and their families, to participate in the home's commitment to quality and become fully involved at all stages of care planning, as well as many other aspects of care home life.

We have access to paramedical staff, including physiotherapists and podiatrists, and there is full medical support from local General Practitioners, the local hospital and the Community Mental Health Team.

The home enjoys picturesque views across the River Clyde and is close to local shops and amenities.
