

Mearns House, Newton Mearns

*Kirsty Craig,
Mearns House Care Home Manager*

Our exclusive private care home, Mearns House in Newton Mearns, offers nursing and dementia care at its best.

Among the country's finest, Mearns House is designed to an extremely high standard, providing quality living for older people in their later years, in a homely environment.

Opened in summer 2016, the home is light and airy, with extensive windows around a beautiful courtyard, which connects the home with the outdoors.

Stylish, comfortable living

Rooms within our luxury home far exceed national care standards and provide a fantastic range of high quality

care and personal services, including a hairdressing and beauty salon.

Other facilities available include: a lounge and activities room providing a cinema experience, regularly showing a wide range of films chosen by residents; a self-service snack and refreshment area to socialise and catch up with friends and family; hobby and reminiscence rooms for various activities and events; a hairdressing and beauty salon offering a selection of treatments; and a choice of six generously spaced lounges and dining areas.

We offer nutritious meals with great menu choices recommended by our chef and chosen by residents. All dietary requirements are looked after and private dining can also be arranged with access to a bar cabinet.

A key feature of the home is the wide range of rooms available from ground floor rooms with patio doors offering private access to the courtyard, to executive rooms with a kitchenette where residents and family members can continue to enjoy the independence of regular home cooking.

All rooms are tastefully decorated, have en-suite shower rooms and are fitted with Smart TVs.

Mearns House, Newton Mearns

Stunning outdoor space

Set within attractive landscaped gardens and with access to a terrace on the first floor providing lovely views, the home promotes independent living and offers older people the opportunity to maintain hobbies and continue to lead an active social life. The gardens also have a small play area for visiting children, so that the whole family feels truly welcome.

First class, personalised care

Highly experienced carers and qualified nurses are on hand to deliver 24-hour nursing care to residents who are frail and require varying levels of

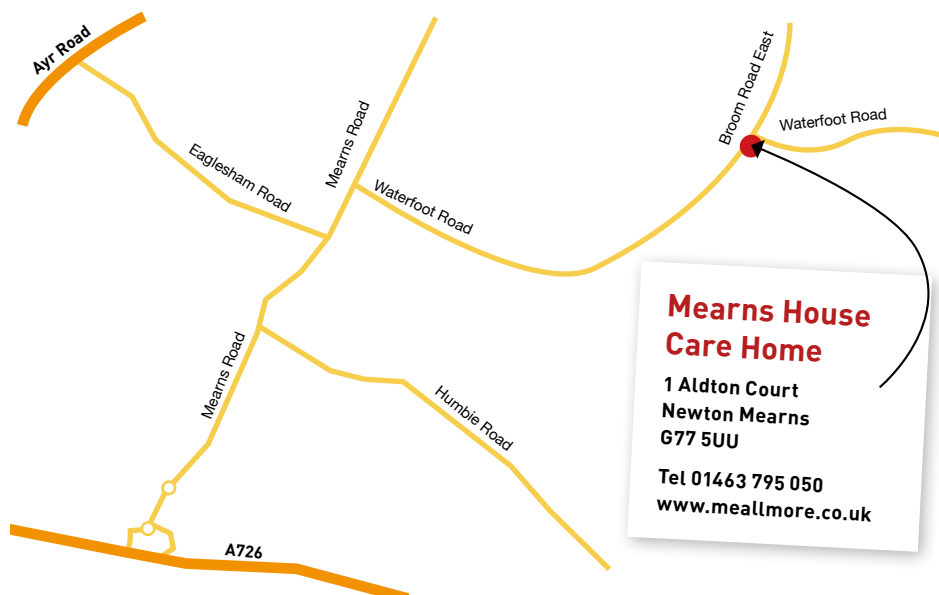

support to live their life, as well as the provision of more intensive support during periods of illness or to those living with dementia and its related conditions.

We work with local GPs and other health professionals to deliver personal care plans based on the needs of each individual.

The design of the home, along with the range of equipment and technology installed, including motion sensors in rooms, allows us to offer an environment that can adapt to the needs of individuals and promotes safety and well-being for our residents.

Find us at

Conveniently located at Aldton Court at the corner of Waterfoot Road and Broom Road East in Newton Mearns, it is just 20 minutes from Glasgow. It forms part of a wider residential development alongside Castle Grove apartments, and is close to an excellent range of shops and services.
