

## Greenan Manor, Ayr

### Welcome to Meallmore's nursing home in Ayr.

Our exclusive care home, Greenan Manor specialise in high quality, personalised nursing care for elderly people, including those with dementia and its related conditions.

This purpose built premier care home has spectacular coastal views over the Isle of Arran and Greenan Castle is situated one mile away, highlighting the unique Scottish heritage of the area.

The building features a cinema room, library, café, private dining area as well as a hair & beauty salon.

The ground floor bedrooms offer access to the attractive landscaped gardens, while some of our first floor bedrooms have private balconies.

As Care Home Manager, I am committed to developing a relaxed and happy home where people enjoy living and working. We offer residents a variety of activities that can be tailored to their needs to ensure they can socialise and continue to enjoy hobbies.

Provision of first class care means we encourage residents, and their families, to participate in the home's commitment to quality and become fully involved at all stages of care planning, as well as many other aspects of care home life.

We have access to paramedical staff, including physiotherapists and podiatrists, and there is full medical support from local General Practitioners, the local hospital and the Community Mental Health Team.
